Sheets, piano FABER MUSIC

Sheets is a deluxe artefact containing the sheet music to ten of Nils Frahm's piano works, a selection of photographs from award-winning visual artist, Stuart Bailes, illustrated instructions on how to modify your piano to achieve Nils' signature 'Felt' sound, and a digital pass to download audio copies of the titles featured in the book.

Photographs:

Stuart Bailes creates nocturnal landscapes using studio lights and imposed stage-like settings. Sheets contains over a dozen allusive images from the artist who has also worked as lighting director for Nils's live performances.

Instructions to modify your piano:

Sheets includes illustrated instructions for assembling 3 types of damper: the Quick Fix, the Budget, and the Deluxe. Winsome diagrams from Berlin-based artist Paul Praetzel decorate the directions.

Design & Construction:

The work of melding together the elements of Sheets to produce a visually elegant, beautifully constructed, and tactually pleasurable whole was accomplished by Torsten Posselt and the good people at Berlin digital craft studio FELD.
